

Alta Micro IP67

Superlites

This product must be wired in Series, These products require an LED driver - DO NOT CONNECT DIRECTLY TO MAINS POWER! Connecting or disconnecting these luminaires while powered will damage the LED.

Small uplight. This is perfect for niches or stairs whether indoors or outdoors. This is available in 316 marine grade stainless steel as well as a range of beautiful anodised finishes.

All IP67 uplights have a breather gland to prevent condensation as well as triple o-ring construction.

As part of the seamless Beautifully Lit range, the light quality and colour exactly match the other fittings.
