

DY-0751

Superlites

A timeless design from the mid 20th century, originally a mast-mounted fitting for illuminating yacht decks. Its shape ensured rigging lines were not snagged. This clean profile lends itself to being unobtrusive when required or being used as a stylish detail for both interior and exterior accent lighting.

Anodised aluminium, Polished aluminium, Sandblasted aluminium, Polished bronze, Sandblasted bronze, Weathered sandblasted bronze

Depth/Projection: 135mm
