

The IRIS Antiglare is a versatile and yet elegant Fire Rated LED Downlight, featuring a multitude of Power Outputs, Kelvin and dimming protocol variations. This unit has been designed with Antiglare at the forefront of its design with its set back reflector, producing a low glare and superior visual comfort.

At a Colour rendering Index (CRI) of 95+ the IRIS offers as a crisp light in any output which in turns enhances the appearance of colours and objects it comes into contact with.
