

Kilter Pendant Light

Superlites

Kilter means balance. Named in reference to the delicate confluence of the linear light source and central fixture, the light frosted finish subtly exposes and celebrates the internal filament when illuminated.

Paired with a single Kilter II light source

Kilter Pendant Light

Superlites

The Kilter Pendant is inspired by the form of a traditional clock pendulum. Effortlessly hanging from two parallel cables in an elegant pendulum-style display, the Kilter Pendant is ingeniously crafted to incorporate Tala's cutting-edge Kilter S14d light sources.

Ideal for brightening up your kitchen islands and dining rooms, its adjustable cable length presents versatile angled display options, making it perfect not only for vaulted ceilings but for any spatial design. The clean, geometric simplicity paired with the expertly drafted profile of the fixture lends a polished and refined aesthetic that elevates the look of any space.
