

Micro Spike Diamond 180

Input Current: 60mA – 360mA max

Forward Voltage: 3Vf

Power: 1 Watt max

Efficacy: 70 Lm/W

2700k

CR: 90

Beam: 180°

IP68

Light Engine: Plug-in dimmable module equipped with

Cree XT-E LED

Driver: Remote constant current driver required

Micro Spike Diamond 180

The Micro Spike Diamond 180 is a miniature low-voltage dimmable outdoor spotlight, with a 100mm spike for installing into soil. Illumination is directed in a 180° band inclined upward, ideal for illuminating shrubbery

Precision machined in marine grade 316 stainless steel or copper, the luminaire achieves IP68 water ingress rating for peace of mind.

The Cree 1 watt max LED can be easily replaced if required or substituted for a colour LED. The optic is also simple to change if you wish to alter the beam width.
