

# PAR16-ZO-7W-22K

**Superlites**

**24°**

Uses the latest technology to deliver high quality, balanced lighting, close to natural light. With CRI 95 and R9 at ca.90, these spotlights aim to bridge the gap between natural and artificial light, showcasing true colours of the interior.

This decorative, ultra-dimmable LED light bulb is fitted with top, industry-rated flicker-free technology.

With colour temperature of 2200k and a lumen output of 350/380/400 this lamp creates ambient lighting for rest and relaxation. Perfect for night-time dining, reading or entertaining guests, this combination is particularly popular with restaurants, hotels and private customers looking to enhance their home lighting.
