

Tolomeo Mini Table

Superlites

Tolomeo Mini maintains the same dimensions of the diffuser as the standard version, shortening the length of the arms.

Please be aware that both the base and fitting are sold separately.

Tolomeo Mini Table

Superlites

The design of the Tolomeo is characterized by clean and minimalist lines, with a structure made of aluminum. This material gives the lamp not only a modern and sophisticated look but also remarkable lightness and robustness. The lamp head, adjustable in all directions, is equipped with a stamped aluminum reflector that ensures uniform light distribution, making it ideal for various lighting needs.
