

Hook Wall Small Smoked Bronze Shade Stone Base

A wall light made from stone powder coated metal with solid smoked bronze detailing. The wall light features our signature solid brass, cross-knurled, pendant with matt black rubber detailing. A solid brass hook allows the pendant to be hooked onto the light and the cable length adjusted to suit. The light comes with a small shade made from stone powder coated metal and finished with solid smoked bronze coin screws. This wall light can be hardwired into the wall or fitted with a surface mounted cable and plug.
